## **Protecting your** orthodontic appliance while eating

CentralLakesOrthodontics.com

When taking care of braces or an orthodontic appliance, softer foods are recommended—especially after an appointment when your mouth may be sore. As a general rule, if you have to question whether you can eat something with your appliance, it's better to take it slow or avoid it altogether. Additionally, do not chew on non-food items such as pens, pencils, or fingernails.

Sticky foods can get wrapped around your appliances and cause them to break or come loose. Hard foods can break your braces and damage your appliances.

Mike and Ike<sup>®</sup>

Hard candies

Ice cubes

Beef jerky

- ► Tootsie Rolls®
- ► Caramels
- Starburst<sup>®</sup>
- Now and Later<sup>®</sup>
- Skittles<sup>®</sup>
- ► Taffy

- (fully popped is

- Hard breadsticks Popcorn kernels
- fine)
- Hard granola bars
- Suckers/Iollipops

Avoid high-sugar and high-acidity drinks

High-sugar and high-acidity drinks, when mixed with saliva,

create plaque—a sticky film that coats the teeth and is

difficult to remove completely, even with brushing.

## Many of your favorite soft foods and drinks are perfectly

▶ Bananas

Fruits

Crackers

Cheese

without pits

- ▶ Water
  - ► Grapes

safe with braces or appliances.

- Crystal Light<sup>®</sup> Oranges
- Gatorade G2<sup>®</sup>

► Milk

- Pudding

- Mashed potatoes
- Peanut butter and jelly sandwiches
- Pasta including ravioli, spaghetti, and macaroni

Some foods are fine to enjoy, as long as they are cut into smaller pieces which won't damage your braces or appliance.

Chips

Apples

- Pizza and
  - pizza crust

- ► Bagels ► Carrots
- Celery ► Taco shells

## Diet soft drinks Powerade<sup>®</sup>
